

CCCN Worship Music Ministry

Thank you for your interest in joining our Worship Team Ministry either as a musician and/or vocalist!

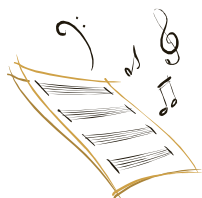

The purpose of the Worship Music Ministry is to equip, encourage, and utilize musicians (while imparting the “heart of a worshipper”), to serve the Lord in providing music for various areas of the worship ministry at Christian Community Church North (CCCN).

The Worship Ministry at CCCN is always looking for those in our church community who desire to use their gifts of music and the arts, especially as it relates to our worship! The time commitment to be serving in the worship team ministry will include weekly worship team meetings/rehearsals as well as Sunday celebrations and other special worship events.

At CCCN we consider our Worship Team to be made up of those who lead worship on stage each week through the medium of music including: vocal team members, soloist and musicians.

Below you will find several items that will help you understand our process and expectations for becoming a part of this team. You will find the Worship Team Interview Process, Worship Ministry Application/Interview Form, and the Worship Ministry Team Values & Prerequisites.

Again, we are grateful for your interest. If after reviewing the information you are still interested in serving on our team, please contact Pastor Duane or Miriam Nodzo at 538-1050. We would love to hear from you!

Looking to Him,

CCCN Worship Music Ministries

CCCN Worship Team Interview Process

*In order to be considered for a **Worship Music Team** position at CCCN (Musician, Vocalist and/or Soloist), we ask each person expressing interest to complete a three-step interview process described below. This process is designed to help our worship staff to get to know you better and to offer you the greatest opportunity for your gifts and passions to be used here at CCCN.*

The three steps of the interview process include:

1) *Take part in a music interview with the worship staff.*

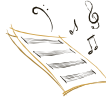

Musical interviews are scheduled by appointment. Once a date for an interview is set, you will be contacted. If you respond that you plan to attend the interview, a packet for that interview will be sent to you and a specific time set for your interview. The packet will include recording (s) and printed copies of the music for your interview and helpful tips on how to prepare. The worship staff, according to need, determines the necessity of this type of interview. Once the musical interview is completed the worship staff will file information regarding your interview for later reference. If at any time they determine that there is an opportunity on the Worship Music Team that matches your giftedness, you will be contacted. If the staff contacts you, they will most likely ask you to begin to take step two in the interview process.

2) *Complete the Worship Ministry Application/Interview Form and return it to the Worship Music Ministry staff.*

The form should be fully completed and then returned to the Worship Staff at the scheduled audition. If you need additional time to complete the form, you can return through the mail or any of the worship staff personally. Once the interview form is received, you will be scheduled to meet with someone on the worship staff for a one-on-one talking interview.

3) *Take part in a one-on-one talking interview with Worship staff.*

Once the musical and written interview is completed you would then be scheduled for a one-on-one talking interview with someone from the worship staff. This time is designed to offer the staff the opportunity to get to know you better and for you to ask any questions you might have about the ministry and your possible role. A review of the prerequisites and any other expectations will be covered at this time. An assignment to a specific team and role would come only after this interview time. Conditions of assignments will be individually designed for each team member.
