Sermon Based Group Discussion Questions

The Missional Church: Thy Kingdom Come in the Marketplace

1. Was the early church in the Book of Acts “missional”, “attractual”, both or something other? Can you think of any examples to illustrate your point?

2. Consider the idea that the Kingdom of God comes when God’s people express or proclaim it, and that the nature of that expression is a 3-fold presentation of the Gospel in word, deed and power:
 - a) Which area of presentation is most comfortable for you?

 - b) In which area do you need/want to see greater growth and why?

3. How do you think western rationalism has hindered you from stepping out to minister in the arena of power ministry?

What is one thing you can do to “push the envelope” and expand your comfort zone?

4. What can you do to be missional and see the Kingdom come into the marketplace domain (for full time homemakers: your neighborhood) where you serve the Lord?
